

## IMMIGRATION.

More Cities and Towns of Texas Send Up Greeting, and Will Have Delegates at Dallas.

The State Stirred from Center to Circumference Over this Matter of Vital Importance to All.

At Ballinger.

BALLINGER, TEX., Dec. 9.—A great number of our citizens held an enthusiastic meeting at the office of William Harris & Winters this afternoon, and organized what is to be known as the Immigrant Immigration Society, for the purpose of co-operating with Fort Worth, Dallas, and the state generally, in their efforts to induce the different railroads running into the state to grant cheap excursion rates to our state, and generally to attract immigration thereto. The meeting was largely attended, and our citizens are taking a lively interest in the matter. The following officers were elected: J. N. Winters, president; C. S. Miller, secretary; and W. S. Davis, treasurer. C. O. Harris and J. N. Winters were elected to represent Baines county at the convention to be held at Dallas on December 20.

At Brady.

BRADY, TEX., Dec. 8, 1887. To the Editor of the Gazette.

Our people heartily coincide with THE GAZETTE in its efforts to set on foot means to bring immigrants to Texas. It is a matter of wonder and astonishment that the matter has been delayed so long. Texas is abundantly and almost inexhaustible natural resources needs only to be seen to be appreciated; and the only way for her to exhibit her advantages is to furnish cheap transportation to people of other states and let them come and see for themselves. We need not expect immigration unless we work for it and work hard. People do not go much where they are not wanted.

The Panhandle Responds.

Correspondence of the Gazette.

MCKINNEY, TEX., Dec. 8.—The immigration boom started by THE GAZETTE strikes a responsive chord in the Panhandle. A meeting has been called here to discuss the movement in its relation to the Panhandle, and to provide for representation at the Dallas meeting on the 20th inst. It is believed that other Panhandle cities will send representatives. The Panhandle will send editorially tomorrow.

A business men's movement in behalf of immigration to Texas which has taken the form of a ground-swell, was inaugurated recently by the Merchants' Exchange of Dallas. As a result a call has been issued by the business men of Dallas for a convention to meet in that city on the 20th of December and to consist of delegates from all portions of the state, for the purpose of organizing for a systematic and vigorous effort to attract immigration to Texas. Representatives from trunk lines of railways entering Texas will be asked to give the state the benefit of low excursion rates, which have proved such a successful factor in the development of California. It is proposed to collect and disburse annually a fund of \$100,000 in advertising the resources and advantages of Texas, and to send agents abroad to labor in its behalf with capitalists and immigrants. The movement is the most important one which has ever been started in the state looking to its settlement and development, and it is impossible to estimate its probable beneficial results. The Panhandle is perhaps more deeply interested in its success than any other portion of the state, and every town in it should have a representative at the Dallas meeting. Other localities are waking up to the necessity for action. We commend this matter to the consideration of our brethren of the Panhandle press.

Reeves County Faces Action.

Special to the Gazette.

PROCTOR CITY, TEX., Dec. 11.—A large and enthusiastic meeting of citizens of Reeves county was held at the courthouse last night for the purpose of selecting delegates to attend the immigration convention to be held at Dallas on the 20th. Mr. E. D. Gage was called to the chair and Mr. R. S. Bowen appointed secretary. After some discussion on the subject a committee consisting of H. B. Hilton, Captain A. M. Waltham and Judge C. F. Thompson, with Dr. J. J. Loe, J. D. Smith and R. S. Bowen as alternates, were appointed to attend. Our citizens were fully aroused to the importance of the convention. The committee was instructed to pledge Reeves county for its share of expenses that may be incurred.

Montague County Aroused.

Special to the Gazette.

MONTAGUE, TEX., Dec. 11.—Montague county heartily endorses THE GAZETTE's position on the immigration movement, and the people of this county will be well represented at the convention at Dallas, December 20. There are plenty of either timbered or prairie lands in this and adjoining counties both improved and unimproved that can be bought from \$2 to \$5 per acre.

A good many coal samples from John H. Stephens' mine near Bowie are being shipped to various portions of the country for inspection. It is understood Mr. Stephens will open up his mines in a few days.

Meeting at Baird.

Special to the Gazette.

BAIRD, TEX., Dec. 11.—Yesterday at 1 o'clock a number of our citizens met at the courthouse, and calling to the chair Judge W. H. Clett, and to the secretary's desk Dr. S. T. Frazier, they proceeded to elect delegates to the immigration convention at Dallas on the 20th inst. General F. W. James, Dr. D. J. Wilson, Major D. Richardson, J. A. Rushing, E. Q. O. Bower, E. Q., and the chairman were appointed as delegates. A resolution was passed by the body heartily endorsing the movement of THE GAZETTE and the citizens of Texas in the matter.

Important Meeting at Cisco.

Special to the Gazette.

CISCO, TEX., Dec. 11.—Pursuant to a call published in the Cisco Round Up a mass meeting was held at the Cisco hall last night for the purpose of discussing the advisability of organizing a Cisco and Northwestern Texas fair and exposition. Upon motion Major L. Prevaux was elected chairman and D. Redfield secretary. The chairman stated the object of the meeting and invited expressions from

those present, and several speeches, setting forth the many advantages to be derived from a successfully managed fair followed.

Upon motion the meeting then proceeded to form a temporary fair and exposition organization.

Major Prevaux was elected temporary chairman and Mr. Hugh Corrigan temporary secretary.

The chair then appointed a committee of five consisting of the following named persons, to co-operate with the chairman and secretary to carry out the object of this meeting: Perry Zschal, W. H. Porter, C. H. Fee, Gifford Epler, W. G. Patterson and Hon. T. B. Wheeler.

The meeting then adjourned to meet at the call of the president.

The assembly then resolved itself into a meeting with the same officers acting as chairman and secretary, to select delegates to attend the immigration meeting at Dallas on the 20th of this month. After expressing a hearty approval of the scheme to secure an influx of immigration and capital into the greatest state in the Union, Y. B. Dowell, Hugh Corrigan and W. N. Porter were selected as delegates to represent Cisco in said convention, and D. Redfield, R. L. Ramsey and John Winston were elected as alternates. On motion, Governor T. B. Wheeler was added to the committee, after which the meeting adjourned sine die.

At Jacksonville.

JACKSONVILLE, TEX., Dec. 8, 1887. To the Editor of the Gazette.

We had quite a large meeting of the business men of this city yesterday for the purpose of discussing plans and measures concerning the immigration question which your great and much appreciated journal has been espousing for some time past. The meeting was called to order by the president of the board of trade, Mr. B. R. Cannon, who very courteously called upon Mr. C. Enabell to state the object of the meeting, which was done in a very short and explicit manner.

Carlisle W. H. Lively was elected president and T. C. Collier, of the law firm of Templeton & Collier, secretary of the permanent immigration organization. Mr. T. H. Jones, who for the past six years has occupied quite an influential position in the house of L. & H. Blum, now a business man and permanent citizen of our city, was unanimously elected to represent us at the Dallas state immigration convention. Keep up the good work, Mr. Editor. Howdy.

Pilot Point awake.

Correspondence of the Gazette.

PILOT POINT, TEX., Dec. 10.—The immigration scheme which is so rapidly coming to the front over Texas meets with hearty approval here, and a meeting has been called for Tuesday at 2 p. m., at Harrison hall, to select delegates to represent Pilot Point in the state convention to meet at Dallas. It is only necessary to show to the people north and east the superior advantages and the resources of this great state, coupled with low rates of fare, to turn the tide of immigration toward the grandest and greatest state in the Union. Surprisingly as it may appear, people in the north know little or nothing of Texas. A gentleman writing from Ohio, making inquiries about Texas, among the numerous questions asked, was: "What are the policies of Texas?" Letters are being received here daily for information about the country.

At Clarksville.

CLARKSVILLE, TEX., Dec. 11.—The movement of THE GAZETTE to induce immigrants to come to this state meets with the hearty approval of all of our citizens. A public meeting is called for Thursday, the 15th, of all citizens to meet at the courthouse to endorse said enterprise and select delegates to the fair at meeting on the 20th. Our city is a business town and will respond liberally, as old Red River country has room for thousands of good people, and has an abundance of fine, cheap lands unoccupied. Advertisers to the noble enterprise of THE GAZETTE and its generous efforts in behalf of our state.

Brady.

Correspondence of the Gazette.

BRADY, TEX., Dec. 8.—District court convenes here next Monday, the 12th inst. The docket is not a heavy one, and the business will probably be disposed by the middle of the second week.

The public school, under the efficient principalship of Professor L. C. Mathis, is progressing nicely. The difficulty mostly in the way is too many pupils for the number of teachers. There are now 140 pupils registered and only two assistants besides the principal.

The weather so far has been very mild, and in consequence stock of all kinds is in good condition.

Our town, although forty miles from the railroad, is not standing still by any means. A number of private residences and one business house have recently been erected. Others are said to be in contemplation. The school building has been finished on the inside and another room added for the accommodation of the school. Lumber has been purchased to cell and raise the Christian church on the inside. When finished it will be a neat and commodious building. As a further item of improvement in the town the county jail is to be surrounded with a strong fence eight feet high.

Camerton.

Special to the Gazette.

CAMERTON, TEX., Dec. 11.—On the 8th the penitentiary agent removed from our county jail nine persons convicted of various offenses at the recent term of court. There were two convictions for fence-cutting. Polk Hill, who was given twenty years for killing Dewees Bolton at the election in Washington county, secured a new trial.

Josh Hunt (colored), who has been wanted two years for assault to murder, was captured yesterday in Bell county, and is now in jail here.

Mr. W. A. Barclay's fence around his pasture in Delvis bend was badly cut a few nights ago. Mr. Barclay has not made much fuss about it, but is confident he will get the guilty parties.

St. Louis, Mo., Dec. 11.—Reports of seismic disturbances along the Pacific slope of Mexico, have recently come from Nogales, A. T. At 5 o'clock Thursday morning earthquake shocks, varying from one to three minutes duration, were felt at San Blas and Lope, Sinaloa. At Mazatlan a lumbering noise was followed by a slight shock. Throughout the state of Sonora, at nearly every port, shocks were felt.

## OPEN LETTER TO GOV. HUGHES.

A Reward of \$2000 Will Put a Stop to Train Robbing.

Written for The Gazette.

FORT WORTH, TEX., Dec. 11, 1887.

G. W. Hughes, Little Rock, Ark.

DEAR SIR—It is mentioned in our morning papers that the train robbers have made their appearance at Genoa in your state. We had an epidemic of them in Texas, commencing in January of this year and continuing to about November 1, in regard to the treatment of any epidemic disease, social, political or physical, theories, of course, are very good in the absence of absolute specific remedies that have been fully established by experience. We of Texas have had the experience. The specific is one ounce doses of plumbum, to be given to each train robber hyperdermically, with one of the latest improved gunpowder machines. It is important that the charge of gunpowder should be so great as not only to cause the medicine to penetrate the skin, but to pass entirely through the body. There is a serious difficulty attending the treatment, and that is to get someone to perform the operation upon the train robbers. The lowest price at which our Governor has, after much advertising, could get anyone to perform the operation was a reward of \$1000; but it was slow work on account of the danger to which the operator was exposed while performing the operation. A \$2000 reward, we think, would be fair remuneration to induce a man with nerve and skill to do the work, and the sooner it is done the better. The reason we write this letter to you is because you have offered \$2000 reward. It is no good; we tried it in Texas. In regard to the plumbum and gunpowder machine we refer you to your eminent physician and worthy co-worker, Dr. John Bond. Most respectfully,

GEORGE H. CHASE.

PLENTRY OF PRISONERS.

One Hundred and Thirty Four People Incarcerated in the Fort Smith Jail at One Time.

Special to the Gazette.

FORT SMITH, ARK., Dec. 11.—Deputy United States Marshal Rushing came in this morning from the Chickasaw country with the following prisoners: Frank Langley, Henry Irvey and Bill Dunagan for the murder of two negroes about two weeks ago; Peter Spote, Turner Condon, Gabe Poper, Norman Williams and one Myler, assault with intent to kill; Ben Boyston, larceny. Deputy H. C. Thomas will arrive tomorrow from the Chickasaw country with thirty-eight more, as follows: Frank Walker, Charles Seven-son, Zeno Gilbert, Simon Albersen, John Hughes, William Walker, Mack Gaines, S. Alexander, Samuel, Alexander, Margaret, James and Kate James, all charged with murder, the two women having killed a man and burned his body; Joe Spain, Z. K. Scholz, Thomas Broas, Jack Florence and West Short, assault with intent to kill; William Eaves, Nash Estes, Alvin Oliver, Gabe James, O. E. E. Six, James William L. Six, Charles Lacey, E. H. Ramsey and Robt. Bruner, larceny; John Burnett, John Truss, Joe Elias, William Northrop, J. H. Fletcher, Dick Mullen, John Wilson, Thomas Shortwood, George Brunon, Henry Walker, Mike Banks, George Poe and H. E. Thornton, introducing and selling whisky in the Nation. This is the biggest trip ever made by marshals in the Nation and will fill the jail to overflowing.

Deputy Marshall arrived this afternoon from the Creek country with Lee Davis and William Farney, charged with larceny; J. L. Britton, John M. McNish, assault with intent to kill; James Clark, introducing whisky in the Nation. Deputy J. R. Cole to-day lodged in jail George Reeves, alias Alexander Patton, on a charge of larceny. W. W. Clark and John Robinson were brought in last night from Burke's Springs, charged with violating the revenue law, which will make a total of fifty-seven prisoners brought in within two days. The jail tomorrow night will contain 134 prisoners, of whom forty-five are charged with murder and two with rape.

St. Louis, Mo., Dec. 11.—Deputy United States Marshal Thomas brought into Fort Smith, Arkansas, yesterday the largest batch of criminals ever brought at one time. They numbered forty-two.

Twelve of them are charged with murder, five with assault with intent to kill, fifteen with larceny and ten with violation of the revenue laws. They all came from the Indian Territory and will be tried in the United States courts. Harry Johnson, who robbed the safe of the treasurer of Reynolds county, Missouri, of \$20,000 on November 20, has been arrested in Hempstead county, Texas. He had two accomplices who are known and will be captured. Two thousand and five hundred dollars was recovered from a prosit who was with Johnson.

Correspondence of the Gazette.

CORNICAN, TEX., Dec. 10.—The grand jury are hard at work, and from the number of witnesses subpoenaed it appears that they are doing their duty. It is said by some that the grand jury are investigating closely the violations of the local option law. Judge Frost intimated very strongly in his charge to the jury that there was no local option in this county, inasmuch as the people here have not voted on the question since the last Legislature passed the present local option law.

Great preparations are being made for the races to take place here on the 26th, 27th and 28th at the fair grounds.

## COURT OF APPEALS.

Synopsis of Decisions rendered by the present Tyler sitting.

Correspondence of the Gazette.

TYLER, TEX., Dec. 7.—W. W. Barker vs. H. Greenhouse et al.; appeal from Wise. This is an agreed case and following are the facts substantially, that are agreed upon: Appellant was postmaster at Decatur, and kept the office in a building which Greenhouse, one of the appellees, became the owner of, and notified appellant to vacate. Greenhouse proposed, and it was agreed to by appellant, that the postoffice should be moved to another building belonging to one Pater, for the period of three years and four months, unless removed by order of P. S. office Department.

In consideration of this said removal, appellee agreed to pay appellant \$18 a month, the amount he was to pay for the rent of said building, said payments to be made monthly. Appellant removed into said building as per contract. This suit is to recover \$18, alleged by appellant to be due him upon said contract.

Appellee demurred to appellant's entry of action on the ground that the contract sued upon was contrary to public policy and thereupon illegal and void.

The demurrer was sustained.

Held: The ruling was error. In our opinion said plaintiff's pleading constituted a valid cause of action. As alleged in appellee's pleading the contract does not appear to be in any respect illegal, but on the contrary valid and enforceable. Reversed and remanded.

W. R. Palmer et al. vs. W. R. Scholfield et al.; appeal from Dallas. Appellees had a mortgage upon certain piece of cotton belonging to one Fields, who was the tenant of one Qualls. Fields gathered the cotton in cover very and took it to the gin of Qualls his landlord and turned it over to him in payment of rent. Qualls directed Fields to take the cotton and pay a debt he owed appellee. Appellee put his name on the cotton, it having been turned over to him before it was rolled from under the press. Appellee purchased this mortgage on the sale of cotton, however, and sold the same. Appellee brought this suit to recover damages for conversion of same and recovered judgment. Held: Qualls, the landlord, having surrendered a valid lien upon the cotton, the same was subject to appellee's mortgage. Reversed and remanded. Wilson, J.

Clay & Swasey v. Smith & Smith; appeal from Brown. The suit was against the landlord a lien upon the goods of the plaintiff to pay for rent due and according to the rent contract. It does not seem a charge in advance upon the property of the tenant for any rent that might by possibility become due. Appellee's charge for the rent might at any time be paid, and the landlord could not maintain an action for rent if the plaintiff, nor to recover same without due notice, but his remedy would be an action for damages. This charge was refused, and the refusal assigned as error. Held: The refusal was error. Reversed and remanded. Wilson, J.

Missouri Pacific Railway Company vs. A. L. Kirkpatrick et al.; appeal from R. B. Smith. The case was an appeal from a judgment rendered by the district court in favor of the plaintiff, who was the owner of a parcel of land on the right of way of the railway company into a natural channel, and not from any negligent, unskillful, defective construction of the roadbed or bridge, it would not be legal cause for a recovery of damages. Surface water may lawfully be turned into natural channels, although by so doing, it increases the volume of water in such natural channels to the injury of a proprietor below. Appellee company controlled and operated the road, and this rendered it responsible for any injuries arising from defects in the road, as much as if they had built the same. Appellee was made a party defendant by an amended petition, and the court ordered its judgment reversed and its case remanded to the district court to be tried on the merits. Appellee company was made a party to the suit against the said company. Reversed and remanded. Wilson, J.

William Cunningham vs. J. B. Ammerman; appeal from Eastland. To constitute forcible detainer, the relation of landlord and tenant must exist between the parties, except in cases specially enumerated in the statute. A vendor of land cannot eject his vendee under the provisions of said statute. Appellee's remedy was either by a suit to enforce the specific performance of the contract, or by a suit to recover back the premises and for damages. Reversed and dismissed. Wilson, J.

City of Brownwood vs. W. A. Farmer; appeal from Brown. Appellee was tax assessor and collector of the city of Brownwood. He assessed the taxes of said city and made out and presented to the City Council assessment rolls, which were received and approved by said Council. At the time such services were rendered no compensation had been provided therefor by said corporation. But afterwards the City Council enacted an ordinance which provided that the assessor and collector of the city should receive for his services the same commissions as are allowed the county collector and assessor for similar services. Under this ordinance appellee claimed that he was entitled to 5 per cent upon the amount of said rolls. The Council refused to allow him but a third of said amount, and this suit is to recover balance. Held: Officers of a municipal corporation are not entitled to recover compensation for special services rendered by them, when at the time of the performance of said services, compensation therefor has not been fixed and declared by the proper corporate authority. Reversed and dismissed. Wilson, J.

THE COTTON BELT ROBBERY.

The Officers in Hot Pursuit—No New Developments.

Special to the Gazette.

TEXARKANA, ARK., Dec. 11.—The amount of money taken from the South- ern Express Company on Friday night by the train robbers is not yet ascertained, as the company here refuse to give the amount. Several parties are out scouring the country in all directions, and it will be wonderful if the robbers escape. One party has a pack of blood hounds, and the rumor reached here this afternoon that they are on the hot trail of the outlaws. A party of three here answering the description of the fugitives was seen seven miles from this city last night. One of the party was unarmed and another was wounded in the arm. The section where they were seen is almost surrounded by water and nothing except a log to boats will save them from capture. We are expecting every hour to hear of their capture.

DALLAS.

Reported One of the Band with a Revolver, a Fast Runner.

Special to the Gazette.

DALLAS, TEX., Dec. 11.—About 10 o'clock Joseph Jones got into a quarrel with an unknown man, which resulted in a fight. Jones was struck on the head with a beer bottle and fell to the ground; the other man was seen, making away wounded. He was brought to Patterson's drug store and his wound sewed up and taken home by friends. The man who struck Jones made good his escape. The blow may prove serious. A man giving his name as George Wright, who says he lives in Fort Worth, says he traveled from that city to Dallas to-night with a man who said his name was Norwood, and upon arriving in Dallas they left the Union depot together, and at some point between the depot and the stockyards Norwood deliberately put himself in front of him and, drawing a revolver, told him to hold up his hands, and relieved him of \$50 and a silver watch.
